STAGEWORKERS CALL RALLY

Today

Wasting the Native-Born.
Those Shrunken Heads.
Burning the Shack.
Earth's Danger Spot.

By ARTHUR BRISBANE.

(Copyright, 1929, by King Features Syndicate, Inc.)

REFERRING to "National Hospital Day," President Hoover writes:

"Our citizens will never rest content until the poorest children in our cities, the loneliest mothers on our isolated farms, have the comfort and protection of good hospitals."

Most important is adequate medical care for the lonely mothers when their children are born.

Skilful obstetrics dates back only a few years, and has been limited, largely, to the prosperous class. Until recent years childbirth was left to the mercy of unscientific midwives.

When trained surgeons began attending women in childbirth, deaths seemed to be more frequent.

A midwife was commanded to bring Queen Victoria in to the world, after the princess Charlotte had died in childbirth under the care of two court physicians.

Thousands of mothers are still sacrificed every year to lack of care and to the ignorance or carelessness of those supposed to give care.

It was Dr. Oliver Wendell Holmes, once a teacher at the Harvard Medical School, who told the world's doctors: "You have been killing mothers in childbirth with your own hands."

He referred to the fact that doctors came from other patients, or from work in the dissecting room, to handle the childbirth cases. Their hands unwashed and covered with germs.

Antiseptics were unknown.

The doctors, highly indignant, said mothers died because Providence wished them to die. Had not Eve and all her daughters been threatened with childbirth troubles for listening to the snake?

Now doctors clean their hands, wear rubber gloves and, in good practice, it can no longer be said that "one might as well deliver a woman to the gallows as to the bed of confinement."

OLIVER WENDELL HOLMES did more for the world in one warning to doctors than in all his admirable writing, and that fact should be mentioned under his bust in the Hall of Fame.

If President Hoover can procure medical protection in childbirth for the loneliest mothers on our isolated farms, of whom tens of thousands die every year in childbirth unnecessarily, he will be a very great President, though he should do nothing else.

Mortality in childbirth is higher in America than in any other civilized country. A good recommendation for this richest nation, which pretends to value the native-born so highly.

THE Museum of American Indian exhibits interesting "shrunken heads" of South American Jivaro Indians.

The Jivaros kill their enemies, cause the skulls to shrink by a secret process, and preserve them as fetiches. The spirit of the slaughtered enemy, imprisoned in his shrunken skull, is compelled to work magic in favor of the enemy that killed him.

Christianity will not let us believe that as we look at the strange little heads, smaller than your fist, with features and long black hair, preserved as in life. But we wonder what will be about bringing them back, as "in the flesh," for the Judgment Day.

Will those Jivaros appear for judgment with shrunken heads on broad shoulders, or will a special miracle give them back their full-sized heads, as another miracle, doubtless, will restore heads to the bodies of those guillotined in France, and beheaded by axmen and swordsmen elsewhere?

HJALMAR BLOMBERG, former constable, was found guilty of arson, having set fire to a shack said to be used for distilling liquor. Judge Risor, in Wisconsin, sets aside the verdict, because arson means destroying property by fire, and a whiskey shack has "no property right in it."

The law is the law, and it's not for laymen to interpret it.

But an alleged whiskey shack, prop-

HALF-WAY MARK IS REACHED IN Y. M. CAMPAIGN

Canvassers Estimate \$7,500 Pledged at Noon.

\$15,000 IS GOAL

Budget Drive Will Close With Dinner Tonight.

While no official report was available, half-way mark in the Y. M. C. A.'s campaign for \$15,000 to meet the budget of the present year's operating expenses was believed to have been reached at noon today, canvassers said.

100 Workers Make Canvass.

Solicitation of subscriptions was started by the 160 workers at 8 o'clock this morning. The drive will end at 6 o'clock tonight when the workers will meet for dinner in the Y banquet hall.

Reports from the teams indicated few refusals. Teams have been given the names of 2,000 prospective contributors.

Approximately 100 workers attended the dinner at the Y last night when plans for the campaign were outlined. Attorney W. H. Vordrey, chairman of the board of directors and campaign chairman, presided.

Albert E. Beach, colonel of Division "B," offered a \$100 subscription to the team on his side reporting the most pledges. Olen H. Dawson, colonel of Division "A," countered with the offer of a \$125 subscription to the team on his side collecting the largest number of subscriptions. Each division is composed of seven teams of 15 members each.

Line-up of Campaigners.

In the canvass, teams of Division "B" have been pitted against Division "A." Opposing teams are:

No. 8, Ray R. Birch, captain, versus No. 1, C. W. Henderson, captain. No. 9, R. T. Couch, captain, versus No. 2, Mayor R. C. Benedum, captain. No. 10, D. M. Ogilvie, captain, versus No. 3, J. D. Thompson, captain.

No. 11, C. A. Ashbaugh, captain, versus No. 5, S. C. Porter, captain. No. 12, A. A. Wells, captain, versus No. 7, M. W. Thompson, captain. No. 13, Dr. Warren O. Hawkins, captain, versus No. 4, Harry Brokaw, captain.

No. 14, Lee C. Cooper, captain, versus No. 6, T. E. Lewis, captain.

K. C. INITIATION HERE TONIGHT

Carroll council, No. 599, Knights of Columbus, will initiate a class of candidates at 8 o'clock tonight in lodge rooms in the Ingram building, Diamond.

This class will accompany other Columbiana county candidates to a major exemptionification at Warren on Sunday, May 26.

DEMOLAYS WILL INITIATE CLASS

Fifteen candidates will be initiated into the Harding chapter, DeMolay, at a special session tomorrow night in the Masonic temple, Broadway.

Master Councilor Theodore Burke, assisted by Walter Ashbaugh and Addison Gibbons, Masons will be in charge of the degree work.

The candidates will meet at the temple at 7:15 o'clock. The members of the degree team will receive instructions in the ballroom at 7 o'clock.

VETS' MONUMENT HERE RE-GILDED

In anticipation of Memorial day, the soldiers' monument which for several years has been stationed on the paving fronting the Carnegie library, East Fourth street, is being re-gilded under the supervision of Clarence West, aided by Albert Nichols.

Mayor Ralph C. Benedum today announced his candidacy for the Democratic nomination for a third term at the August 13 primaries.

HILBERT NAMED CHIEF DEPUTY OF VOTE BOARD

John W. Moore, Democrat, Re-elected Clerk.

ANNUAL SESSION

August 10 Designated Registration Day for Primaries.

Chief Deputy J. S. Hilbert, Republican, and Clerk John W. Moore, Democrat, both of East Liverpool, were re-elected at the annual reorganization meeting of the Columbiana county board of deputy state supervisors of elections here last night.

Other members of the board are: C. N. Brannan, Wellsville, and C. A. Cavanaugh, Salem, Democrats, and Genesta Stark Barr, Lisbon, Republican.

The supervisors also designated Saturday, August 10, as registration day for the August 13 primaries in East Liverpool. Registrars will issue and accept transfers from 5 to 8 o'clock Monday night, August 12 and they and other precinct judges will meet from 8 to 9 o'clock to organize.

Other arrangements for the balloting in the primaries were discussed. Friday, June 14, is the deadline for declarations of candidacy.

Slater Will Head Detective Agency. CLEVELAND, May 14.—(INS)—Ora Slater, regarded as Ohio's most famous private detective, will come to Cleveland, June 1, as chief of the Cal Crim Detective agency here, it was announced today. Slater is at present a partner in the Cal Crim Detective agency at Cincinnati. The agency which he will head here will be independent of the Cincinnati office.

TOLEDO THEATER WRECKED BY BOMB

TOLEDO, O., May 14.—(INS)—A "time" bomb exploded in the new Elk theater here at midnight and did \$20,000 damage.

Phillip Zeeler, owner of the theater, ascribed the bombing to "labor troubles," which, he charged, resulted from his refusal to hire union employees.

The first five rows of seats were torn from the floor, and the stage and screen were demolished.

Small pieces of steel pierced the brick walls, and detectives declared that these were from the casing of a time-bomb.

All windows in the building were shattered.

A newly-installed "talkie" machine was badly damaged.

DRY AGENT DIES IN AUTO CRASH

WASHINGTON, May 14.—(INS)—His automobile forced off the road into a telegraph pole by an a'ged run-running machine he and four companions were pursuing today Dano M. Jackley, prohibition agent, was instantly killed. He was crushed in the impact but the other occupants of the car escaped unhurt.

The fugitive machine did not stop. The mishap occurred on the Baltimore-Washington boulevard at Berwyn, Md.

FREIGHT RATES ON BRICK CUT

COLUMBUS, May 14.—(INS)—Freight-rate reductions ranging from five to 30 cents a ton on shipments of building, or face, brick from Summitville, Columbiana county, and Ironside, Jefferson county, to points in the Cleveland, Akron, Canton and Lorain districts are provided for in an order issued today by the state utilities commission.

Patrolman Shoots Prowler.

TOLEDO, O., May 14.—Patrolman Walter Brown today shot and wounded a prowler, whom, he alleged, he had found in a jewelry store, crouched between a showcase and a safe. Another man was arrested when the wounded victim gave police an address.

BENEDUM ASKS THIRD TERM AS CITY'S MAYOR

Executive Will Seek Democratic Nomination at Primaries.

NO OPPOSITION

Seven-man G. O. P. Field Probably Will be Enlarged.

Mayor Ralph C. Benedum, serving his second term, today announced his candidacy for the Democratic nomination at the primaries on Tuesday, August 13. He is not expected to be opposed for the ticket place.

He became mayor on January 1, 1926, succeeding the late Charles Brown. He was re-elected two years later.

Benedum was born in Leesville, Carroll county, 44 years ago. When he was 13, his family moved to Dennison where he graduated from high school. Three years later he graduated from the pharmacy school of the University of Pittsburgh. He came to East Liverpool in 1907.

Mayor Benedum was a member of the board of health for 10 years, five years of which he was chairman. He is a member of the Masonic, Odd Fellows' and Elks' lodges, the Kiwanis club and the Methodist Episcopal church. He is now secretary of the county Democratic executive committee.

He is the first Democratic candidate to enter the field for municipal office.

Two Fills for Council.

Morris Baxter, Jr., stationary engineer, Market street, yesterday filed his declaration of candidacy for the Republican nomination of councilman-at-large.

He is the second aspirant for council. Edgar F. Heddlston, a former member, has filed for the G. O. P. nomination for second ward representative.

POTTERY OWNERS MEET WEDNESDAY

Meeting of the executive committee of the United States Potters association has been called for the Potters' club, Fourth and Market streets, at 1:30 o'clock tomorrow afternoon.

The session has no connection with the movement for tariff reforms, T. A. McNicol, chairman of the committee said.

Besides McNicol, other members of the committee are: John B. McDonald, Stewart Thompson and Richard B. Smith, East Liverpool; D. William Scammell, Trenton, N. J.; Charles Sebring, Sebring; Frank P. Judge, Sebringville; B. E. Salisbury, Syracuse, N. Y.; George C. Mitchell, Coshocton, and Marcus Aaron, Pittsburgh.

NOT GUILTY, SAYS FIRE MURDERER

ELIZABETH N. J., May 14.—(INS)—Henry Colln Cossie, the fire slayer, felt the consuming swift heat of Jersey justice today.

He stood, trembling from head to foot, dazed and apparently uncomprehending, passing a hand in front of his face as if to shut out the vision of his deed, in the Elizabeth court before Supreme Justice Clarence S. Case.

His attorney, Frances A. Gordon, said his client pleaded "not guilty" to the murder of Mrs. Mildred Mowry, of Pennsylvania, whom he duped into a bigamous marriage, shot and left by the roadside a charred hulk.

TOLEDO BANDIT SHOT IN HOLDUP

TOLEDO, O., May 14.—(INS)—A bank bandit was shot and perhaps fatally wounded here today, after he had held up and robbed a branch of the Ohio Savings Bank and Trust company of \$5,000 in cash.

The bandit entered the bank shortly after it had opened this morning and help up the employees.

Just as he was backing through the door a bank official shot and wounded him.

He was captured 15 minutes later by police, who found the loot intact.

He has not as yet been identified.

ST. ANN'S RECTORY AND PASTOR

NEW \$25,000 RECTORY OPENS IN EAST END

Rev. Father Maurer Occupies Brick Parish Building.

PLANS SCHOOL

House-warming Will be Held by St. Ann's Pastor.

Erected at a cost of \$25,000, St. Ann's rectory, second building in a Catholic unit in Pennsylvania avenue, East End, will be formally opened for public inspection at an early date. It was announced today by the pastor, the Rev. Father John L. Maurer.

The two-story structure of solid masonry white fire brick, which was planned by Architect J. C. Cunningham, Gardendale, and built by J. Henry Burkhardt, Oak street contractor, is the realization of a dream of Father Maurer.

A parochial school will be erected on the east corner of the parish lots which extend from Palssey to Wedgewood street.

Church Will Be Veneered.

The frame church, on the west corner, the first building in the unit, will be veneered with white brick to match the rectory. This work probably will not be done until next year.

The rectory, of metal and brick construction, is a fire-proof structure. It contains 10 rooms, including office, living room, four bedrooms, one breakfast room, the above, dining room and kitchen, beside the two bathrooms and two lavatories. One bathroom is finished in a white tile, while another is in orchid and black.

The housekeeper's quarters are separated from the main section of the rectory.

The plumbing fixtures, chromium plated, and copper piping were installed by Frank Kirkham and Son.

The laundry is electrically equipped.

Lighting fixtures are of Swedish.

Program for Fifth Out-
ing and Reunion An-
nounced.

More than \$1,000 in cash prizes will be awarded at the fifth annual picnic and reunion of the National Brotherhood of Operative Potters which will be held at Cascade park at New Castle, Pa., Saturday, June 15.

First, second and third awards will be made in each of the athletic events. Should a baseball game be arranged two prizes, totaling \$150, will be distributed.

Baseball Game Cancelled.

Because of the strike at the Shenandoah pottery at New Castle, the proposed ball game between the Rhinotown team and the Homer Laughlin China company's team has been called off. Many of the former New Castle potters were members of the Rhinotown team which has disbanded. The picnic committee is endeavoring to arrange a game between the Laughlin nine and a team from another pottery town.

Members of the picnic committee recently visited the New Castle park and found everything in readiness. Myers Lake Park at Canton has been the scene of previous outings.

Dancers! Avoid Perspiration Odor

Strong body odor is always present during exercise and excitement of dancing. You may not notice it but your partners do.

Don't risk giving offense. Use Kora Konia—the soothing deodorant. A remarkable new powder discovered by Menmen—producers of the finest shaving creams, talcums and baby powders. It neutralizes perspiration acids and prevents odor. Regular applications keep you free from odor all day and evening.

Kora Konia also absorbs excess perspiration; avoids unsightly moisture, thus preventing injury to garments. Soothes and heals raw, rubbed skin. Stops the burning and itching.

Be free from perspiration odor all summer. Apply Kora Konia liberally and frequently. The best deodorant, too, for sanitary pads. Apply to feet to keep perspiration acids from injuring hose. At all druggists.—Adv.

4 YEARS OF NEURITIS SUFFERING CURBED

Owa-Ton-Na Succeeds Where Other Remedies Fail.

The many sufferers from torturing neuritis with its constant stabbing pains, will be interested in the remarkable case of Mrs. Cora Greenfield, who resides at 700 3rd street, N. E. Canton. This condition which is one of rheumatism's most painful forms, since it is at times one of the hardest forms from which to get relief. Poisonous waste which accumulates in the body here cause a condition which is most pitiful.

Mrs. Greenfield says that for the past 4 years she had been through such awful suffering that at times she hardly knew how she ever endured it. "My muscles just jabbed with pain as though daggers were stuck in me," she states. "Often the pain became so great it was simply torture. It just seemed to make a wreck out of me. My whole shoulder got so stiff, I couldn't raise my arm. I was always tired out, no pep to do anything. Backaches... were constant misery and it just seemed as though I was all worn out."

"Owa-Ton-Na did for me what no medicine I ever tried succeeded in doing. The neuritis pain is practically gone and, Oh! what a relief it is to get away from constant torture. My appetite is wonderful and the food tastes so good and does not give me any trouble when I eat. I

Chief "Owa-Ton-Na"

feel stronger in every way. My backaches are gone and once again I am beginning to get some enjoyment out of life."

This is but one of the many startling cases of people right here in East Liverpool which the laboratory representative now at Carnahan's Drug Store, 114 East Sixth street can tell you about. Health seekers will find it a pleasure to talk to this representative and learn about the merits of this harmless remedy. Why not call and have a confidential talk with her today about your own case? Owa-Ton-Na is also obtainable at Carnahan's East End and Newell, Va. Stores.

Student Cast Stars In Class Production

Seniors Give First Presentation of "Mr. Pim Passes By" to Capacity House; New Cast to Enact Same Story Tonight.

WELLSVILLE, O., May 14.—The cast of senior high school students who are to present "Mr. Pim Passes By," the annual class play, tonight in the school auditorium, faces the difficult task of equalling the performance given last night by another cast in the opening performance of the show. The Monday night cast included Raymond Couts in the title role; Thomas Couts, Margaret Wyper, Margaret Erwin, Eunice Collins, Charles Baxter and Ruth Bowles.

They gave an excellent performance last night. The cast which will give the play tonight includes James Snowden as "Mr. Pim," Ralph Disart, Mary Olive Banfield, Bernice Hartman, Hazel Smith, James Green and Mary Catherine Dismar.

Large house attended the opening performance and indications point to another capacity crowd tonight.

yesterday. Calling a taxi to her home, she rode to the new Fort Steuben bridge, north of the city, dismissed the driver, then, walking out to the center span, climbed the railing and plunged into the Ohio river. Her body was recovered about an hour later by rivermen, who were summoned from Government dam No. 10 nearby.

The woman's leap was witnessed by John Reese, 28, taxi driver. He told police he was turning on the bridge after the woman had left the cab when he saw her climb the railing and jump. He said he was too far away to interfere. He stated when Mrs. Deist left the cab she said she was going to meet a friend on the bridge.

Identification of the body was made by Roy Merryman, former prosecutor of Jefferson county, brother of the victim. Mrs. Deist was prominent for years as a social service and charity organization worker here.

It developed that Mrs. Deist, who has had a constant companionship for two years, sent her new nurse to a store to make some purchases this afternoon and when left alone called the taxi and rode to the place of her death.

Her husband and brother are her only survivors.

CHURCH MEETING IN SALINEVILLE

The Salineville district of the Columbiana County Council of Religious Education will hold its annual convention tomorrow afternoon and night in the Salineville Methodist Episcopal church.

A program has been arranged by the Rev. W. S. Martin, pastor of the Presbyterian church, and the district chairman.

Mrs. J. W. Funk, Minerva specialist in primary work, will speak on "Importance of Primary Work." The "New Church Goal" as prepared by the International Council of Religious Education, will be presented by a county worker.

The Rev. H. L. Peoples will give an address on "Dynamics of the Sunday School" and the Rev. D. E. Young, of Wellsville, will discuss "Leadership Training." District officers will be elected and installed. Devotional services will be in charge of the Rev. R. Graham Keevil and the Rev. Ross Wilson.

Columbiana county will hold its Sunday school convention May 23-24 in East Liverpool.

More than 350 attended the West and Hanover township district convention at Kensington last week. Addresses were given by H. T. Rickert and the Rev. C. F. Evans, of Salem, on the subjects, respectively, "Opening Worship Program Building," and "Teaching People How to Live."

County officers, Mrs. C. E. Ferguson of East Liverpool, and Miss Alice Wickersham, East Rochester, presented, "The Aim of the Organization," and "The New Church School Goal," respectively.

Mrs. W. F. Lones, Wellsville, conducted a children's division conference. Special music was furnished by each of the eight schools in the district.

HOLD RITES FOR RIVER VICTIM

Funeral services for Mrs. Anna Stocks, 43, who drowned in the Ohio river near Port Homer Saturday, April 27, at midnight, were held yesterday afternoon at Sugar Grove cemetery following an inspection of the body by Archie Bell, Jefferson county coroner.

Government employees at Dam No. 10, near Aikanna, found the body Friday afternoon and notified county authorities. Frank Stocks, husband of the woman, and a companion on the fatal boat ride during which Mrs. Stocks was drowned, identified the body.

She leaves her husband and six children, ranging in ages from seven to 15 years.

RAIL BRAKEMAN INJURED IN FALL

Norman H. Robinson, 24, 1708 Commerce street, a Pennsylvania Railroad brakeman, was cut and bruised yesterday afternoon at 2 o'clock when he fell from a box car near Irondale.

He was taken to the East Liverpool hospital in the MacLean ambulance. He was to have an X-ray examination today.

LOCAL COUPLE WED AT HOME

Announcement is made of the marriage of Miss Mary E. Jackson, daughter of Mrs. Charles Smith, to Harold L. Congrove, son of Mr. and Mrs. Clyde Congrove, which was solemnized Saturday at noon in the home of Mr. and Mrs. Clyde Congrove, 1717 Main street.

The ceremony was performed by the Rev. E. L. Zachman, pastor of the First Evangelical church.

The bride wore a gown of light cream crepe with hat to match. Miss Nellie Thomas, bridesmaid, was attired in a light gray jacket suit.

After the wedding, dinner was served by the bridegroom's mother, assisted by his sister, Evelyn.

Covers were laid for the following guests: Mr. and Mrs. Howard Congrove, Mr. and Mrs. Charles Erwin, Miss Nellie Thomas, Wilbur Congrove, Miss Heiney, Miss Evelyn Congrove, Mr. and Mrs. Clyde Congrove of Wellsville and Mr. and Mrs. Gede Congrove of East Liverpool.

Mr. and Mrs. Congrove will make their home in East Liverpool.

CLUB WILL PLAY "THE WANDERER"

During the Schubert hour which the Twentieth Century club is planning for Thursday, May 23, in the Methodist Episcopal church, will be heard one of the composer's best known songs, "The Wanderer," in an arrangement of this theme made by Franz Liszt, and known as the "Wanderer Fantasia."

The scoring of this for two pianos, by Jossely, will be played as the closing number on the program. This lovely theme, so well known to all the world of music for its appealing, plaintive tone, so characteristic of the greatest of song writers, varying in its mode between major and minor, is given a brilliant setting. It will be played by Mrs. J. F. Calhoun and Miss Jean Fogo, with Miss Fogo in the solo ensemble.

Many other numbers of like interest are being planned for this program, to which the public is invited.

Adhere to Standards of Safety

The importance of avoiding unnecessary risks as
 well as the need of vigilance and prudence in handling
 mechanism that is capable of inflicting deadly injury
 are the lessons to be taken from Ohio reports of week-
 end traffic accidents in which at least 15 lives were lost
 and more than 30 persons, including two in the East
 Liverpool district, were injured.

This appalling toll was exacted by the automobile,
 with railroad trains bearing part of the blame. A bus
 crash near Toledo killed five persons, while three other
 lives were snuffed out when a train wrecked a motor car
 on a crossing at Canton. Other fatalities and injuries
 were due to collisions on public highways, which were
 in a slippery condition as a result of showers.

Most of the Ohio accidents were due to failure of mo-
 torists to exercise discretion and caution. Sorrow in-
 vaded nearly a score of homes because some automobile
 drivers "took a chance." Personal responsibility was
 overlooked.

The Columbiana County Motor club, in its "Save a
 Life Week" campaign, now under way, hopes to drive
 home through an educational campaign in the schools
 and press the fact that rules of courtesy and safety
 should govern the operation of automobiles on city
 streets and rural highways.

In 1927, the latest report, 53,670 persons were killed in
 accidents in the United States. The cost of recklessness
 becomes more staggering when compared with the 50,
 000 Americans killed in the World war. While auto-
 mobile accidents increased, the railroad death and in-
 jury list decreased. And, too, the accident toll has
 mounted while the death rate from disease has de-
 creased.

Adhere to the standards of safety. Otherwise you
 may be one of the human beings killed by accident
 every six minutes or one of the 18 persons injured every
 minute throughout the year.

Slavery or Freedom

Farmers who have spent their lives on land too poor
 to support them with any more than a bare living and
 whose parents and grandparents have died in bondage to
 sterile ground will be released if a scheme suggested
 by T. W. Lequette, in a discussion on farm life, is
 adopted.

He announces the belief that land in a naturally
 wooded region, when it cannot support life on an ac-
 cepted medium plane, should be purchased by the gov-
 ernment, withdrawn from agricultural uses and re-
 turned to forest. The occupants would be released for
 work on other farms or in occupations where they could
 live on a better level. Incidentally, reforestation would
 also be accomplished.

Under the present system, communities which are
 unable to support themselves are frequently supported
 from taxation on more prosperous sections. While the
 humanitarian aspects of this method are irreproachable,
 its wisdom is questionable, because it is not necessary
 that inhabitants should be bound to certain parcels of
 land.

The best of every generation in these territories
 leaves to take up residence in more desirable districts.
 Succeeding home generations are bred from those who
 could not get away to better themselves. Sociological
 studies show that the life blood of these people is ac-
 tually being drawn off by this process of malicious se-
 lection. The same studies reveal the more startling
 fact that conditions accepted as normal by persons liv-
 ing in these districts are almost beyond the conception
 of the average individual living on an ordinary plane
 of life. Undernourished, for instance, is the rule rather
 than the exception. There are few schools, farming
 methods are archaic in type and there is a general de-
 ficiency in enterprise.

The inhabitants are almost a total loss to progress.
 They raise barely enough to support themselves and any
 improvement in their standards must be financed by
 outside help. As recessive factors in their inheritance
 come to light, children are produced who may have en-
 terprise enough to move into better districts, leaving
 their less fortunate brothers and sisters behind.

Family ties and natural affection for the place of
 one's birth are contrary aspects of the plan from the
 standpoint of those who should be helped. The diffi-
 culty of formulating any schemes whereby migration
 could be made acceptable and the migrants adequately
 located in new surroundings are difficulties to be sur-
 mounted by advocates of the scheme.

It does not seem unreasonable to suppose that a
 change in location, if convinced that it would improve
 their condition, would be acceptable to these sterile-
 soil farmers. Their land is adapted to forestation in
 many cases and the adoption of the plan would be ben-
 eficial to everyone concerned. The fact that the number
 of farmers living under these adverse conditions is com-
 paratively small would prevent the aspect of a whole-
 sale migration in any one district.

Cleaning Up Backyards

East Liverpool's annual clean-up campaign will close
 Thursday. Since April 22, city trucks have been hauling
 away rubbish placed in receptacles on street curbs. The
 summer season should find the city as nearly spotless as
 human ambition can make it.

It is the refinement, so to speak, of the clean-up
 that will establish East Liverpool as a cleaner city than
 its neighbors. It is not enough merely to pick up the
 rubbish in an unsightly back yard. The effort should be
 continued during the rest of the year and further
 accumulations avoided. While it is natural to let work
 pile up, it is easier to do a small bit every day. The
 careless person who throws his used newspaper in the
 gutter could improve his community's appearance a
 great deal, if he would just take the extra time and go
 through the necessary motions to place it in a waste
 paper receptacle.

Cleanliness is a foundation for beauty and, in many
 cases, is beauty. If East Liverpool is to be made an at-
 tractive shopping center and a desirable location for
 homes it must be beautiful. After the period of clean-
 ing up, there should be a summer time of beautification.

HASKIN DAILY LETTER

By Frederick J. Haskin

WASHINGTON, D. C., May 14.—Efficiency is likely
 to take the place of economy as the White House watch-
 word under the Hoover administration.

Not that the new president has abandoned economy,
 but that he is such a rapid reorganizer for purposes of
 efficiency that slow-going Washington can hardly keep
 up with him. His three private secretaries in place of
 the traditional one, the telephone which he ordered
 placed on his desk despite the fact that presidents never
 have had phones on their desks, his night shift of the
 White House stenographic force, his rebuilding of the
 executive office building so that the old basement could
 be made into modern offices for the added force he
 uses, are all signs of the times.

These are small evidences of the personal habits of
 Mr. Hoover, the practices of a business executive as
 they differ from the daily working habits of a lawyer,
 a newspaperman, or a college president. They indicate
 a genuine change in the traditions of the presidential
 office, a purpose to drive the executive business of the
 government exactly as if it were a business enterprise
 which had to be constantly shaken up, cleared of dead-
 wood, made to work fast, and turn in profits. Hoover
 is the first of the modern business executive type of
 man to occupy the White House. He is changing the
 customs of his office to comport with his lifelong way
 of doing business.

More important than the way the new president does
 things are the things he does. Just as he has modern-
 ized business practice around his office, he is modern-
 izing such a thoroughly different thing as political pa-
 tronage, which is one of the heavy burdens imposed on
 the chief executive. The president is required to ap-
 point to office all of the postmasters, district attorneys,
 marshals, revenue collectors, prohibition directors, and
 other important officials of the federal government. He
 must sign the commissions, year after year, of thou-
 sands of men who hold the reins of government activi-
 ty. Most of these men he has never seen, and very
 few of them he personally knows well enough to
 judge their qualifications for their work.

It has been said by past presidents that more than
 half of their time has been occupied meeting candidates
 for offices and their friends and supporters, and decid-
 ing upon appointments. The constitution places this
 job on one man, the president of the United States.
 Mr. Hoover apparently does not propose to spend more
 time at it than is necessary.

His first step has been to blow aside any traditional
 theory that the president really knows whom he ap-
 points, except to the more important posts, or knows
 them well enough to sift the merits personally of can-
 didates Smith, Jones and Brown. Obviously he can
 not know them, and must take somebody's judgment.
 President Hoover promptly announced that when he
 made appointments based on the judgment of some-
 body besides himself, he would plainly state on whose
 judgment he was acting.

Thus in appointments where the recommendations of
 Cabinet officers do not control the choice, and where the
 recommendations of senators, representatives, members
 of the Republican National committee, state chairmen
 of the party or somebody else are the basis for appoint-
 ment, the president says so. He tells the senate so
 when he sends the names up for confirmation. All se-
 crecy and mystery disappears. The president is accept-
 ing the judgment of so and so.

Why should Hoover work longer hours, keep more
 secretaries busy, and apparently do so much more work
 than did Coolidge, who seems to have conducted the
 office to general public satisfaction?

The answer is that Hoover is attempting to do a good
 many things which Coolidge did not attempt to do. His
 idea of the presidential office is different. Mr. Coolidge
 treated it in the traditional way, the legal way, as a
 place of leadership in policy of executive operations.
 In his economy plan he insisted that no department ex-
 ceed its appropriation, and urged a saving. Mr. Hoover
 is likely to look more closely at what is done with the
 appropriation, and how more can be done. He is likely
 to inquire whether the whole purpose of the appropria-
 tion can not be filled out of another appropriation, by
 another department or bureau. Mr. Coolidge was presi-
 dent of the great business institution which is the gov-
 ernment of the United States. Mr. Hoover is president
 and general manager.

Q. How fast did Walter Johnson's pitched ball travel?
 J. M. B.

A. Walter Johnson says that the only time his pitch-
 ing of a baseball was timed was in either 1913 or 1914,
 when it was timed as 122 feet a second.

Q. How many Americans live in Mexico and how
 much American money is invested there? R. C.

A. The American Chamber of Commerce of Mexico
 says it has been trying for some time to obtain correct
 data as to the number of Americans in Mexico and also
 on their investments, but up to the present time it has
 been unsuccessful. The number of Americans living in
 Mexico having their homes there is estimated at 1500,
 and the value of American interests is estimated at
 about \$150,000,000.

Q. What is done with the fish produced at the hatch-
 ery in the New York Aquarium? D. E. T.

A. The fish hatchery, which is maintained as a fish
 cultural exhibit, produces yearly about one million
 young food and game fishes. These are afterward de-
 posited in New York State waters.

Q. When was the first illustrated book issued? N.
 H. N.

A. The Biblia Pauperum was published between 1424
 and 1450. It was a small work of some 14 pages illus-
 trated with wood cuts and so called because it was for
 the poor preachers who could not afford to own a copy
 of the Bible. It can be seen at the British Museum.

Q. Who is the greatest player of the carillon today?
 W. W. N.

A. Josef Denvy is said to be the greatest carillonneur
 of the day. His concerts at Mechlin and Antwerp are
 famous.

Q. How large a place is the Palisades Interstate park,
 and what portion of it is in New Jersey? S. C.

A. The Palisades Interstate park covers an area of
 36,000 acres, 1000 acres being in the state of New Jer-
 sey.

NEW YORK Day By Day

By O. O. McIntyre.

NEW YORK, May 14.—"Rolling the
 bones" is far from being the most
 popular gambling game along the
 Lenox Avenue's Anthracite Alley. For
 several years, a game known as "Num-
 bers" has been the method of sepa-
 rating glibble colored folks from their
 hard-earned bank rolls.

In its extravagant odds lies its lure.
 It daily impoverishes easy marks and
 enriches wise gamblers, and the out-
 growth of its popularity is a gambling
 trust with much of the graft and sin-
 ister murders so auspiciously charac-
 teristic of the bootleg industry.

"Numbers" is a sort of lottery based
 on three figures of the daily clearing
 house statement. Big gamblers are
 the bankers and have runners who
 sell the numbers along the street and
 collect the swag. The bankers are
 supposed to pay off, but their dis-
 honesty is notorious.

A participant may play any amount
 from a penny up. The odds paid to
 the winner are 540 to 1. The chances
 of picking the right number are 1,000
 to 1. Only in rare instances does a
 player put more than a dollar, and
 one of them who won has never been
 seen since.

Many days may pass without a
 banker having to pay out a penny, and
 there are other times when perhaps
 half a dozen have selected the winner
 in a single day. In such instances
 they are more than likely to find the
 banker has pulled up stakes in a
 hurry.

Due to its obvious illegality, the
 game is shot with trickery. The run-
 ners who dispose of the numbers and
 collect therefor are hi-jacked along
 the streets in the manner of rum run-
 ners. And other runners who have
 had a good day merely skip with their
 loot.

It is said that about \$50,000 is
 squandered daily in the crude Harlem
 variant of the old army game. The
 loot comes naturally from the work-
 ing classes and visits its inevitable
 hardships on innocent families.

Incidentally, in a current play of
 Harlem life, the following glossary of
 idioms is offered: Rent party—A Sat-
 urday night apartment carouse to
 pay the rent. Sweetback—a man who
 lives off women. Hinky—snoozy.
 Dicks—highrow. Monkey chaser—a
 West Indian Negro. Love charm—a
 good luck piece. Goofer Dust—a sup-
 posed magic powder. Monkey Hip

YOUR HEALTH

An Ounce of Prevention Is Worth A Pound of Cure.

By Dr. Royal S. Copeland.

Babies are born without teeth.
 While they may appear earlier the in-
 fant is usually six-months old before
 the first teeth cut through the gums.

In the meantime, the teeth are en-
 closed in tiny sacs hidden within the
 tissues of the gums. These sacs react
 in depression in the bony tissue of
 the jaw. After a while the root of the
 tooth is given more of the hard ma-
 terial necessary for its development.
 As the growth of the root proceeds,
 the tooth is pushed outward until it
 penetrates the soft covering of the
 gums.

There is quite a definite order in
 the cutting of the teeth. Of course,
 this is not the invariable rule, but it
 is the order to be expected.

As I have said, the teeth begin to
 appear when the child is about six-
 months old. The two lower, central
 teeth, known as "incisors," are first
 seen.

At from eight to twelve months of
 age, the four upper incisors appear.
 These are known to the doctor and
 dentists as the "central" and "lateral"
 incisors.

The lower lateral incisors are next
 to be seen. Along with these we get
 a grinding tooth, a molar, on each
 side of the upper and lower jaw.

By the time the child is from
 eighteen months to two years old, the
 four "eye teeth" are cut. Shortly af-
 terwards the second molars appear.

As I have said, this is the usual or-
 der. There are many variations from it,
 particularly if the health is bad. Some
 infants are very slow indeed
 about getting their teeth. Others cut them
 earlier in life.

The most common cause for delay in
 the appearance of the teeth is a
 disease known as rickets. This is
 not always true, but it is the general
 rule that the appearance of the teeth
 and the disappearance of the soft spot
 on the top of the head go along to-
 gether.

Anything that interferes with the
 proper nourishment of the infant will
 have its effect upon the teeth. It is
 very important that the diet of a
 child should be so regulated that good,
 strong teeth are guaranteed.

In olden times scurvy was a com-
 mon disease. We see little of it now,
 but tethre is a condition which we may
 call "hidden scurvy." If the food
 given the child is deficient in vita-
 min C it is very likely that the teeth
 will be badly formed and will quickly
 decay. Likewise, if the baby is breast-
 fed, unless the mother's food contains
 this vitamin, the teeth will not de-
 velop as they should.

Milk, orange juice and tomato juice
 are rich in this vitamin. If there is
 any question about the milk given the
 baby having an abundance of vitamin
 C, there should be no failure to give
 orange juice or tomato juice every
 day.

Nothing adds to the beauty of a
 face or to the health than the posses-
 sion of good strong teeth. To insure
 having them, the food of the mother
 must be well chosen before the baby
 is born, and the infant must be well
 fed from the time of its birth.

MARY PICKFORD WINS IN "TALKIE"

You will love her!

Mary Pickford, of course the new Mary Pickford who came to the screen of the State theater yesterday in her newest, all-talking picture, "Coquette."

To hear Mary Pickford and to see her in this newest picture is to experience a revelation. The old Mary, with her curls and her little-girl dresses, is gone forever. The new Mary of "Coquette" is the last word in smart young womanhood, close-cut bob, Paris frocks, high-heeled slippers and everything. But, now and then, the little girl, who is gone but not forgotten, peeks out from behind the young woman who has taken her place. No transformation can eradicate the piquant sweetness and wistful smile which belong to "America's Sweetheart."

Last night's audience settled down in their seats with a sigh of relief at

ter the first sound of the voices of the players. By some magic manipulation of the sound devices used in recording the voices, Miss Pickford and her director have succeeded in producing a talking picture in which the tonal quality is natural and clear without a trace of mechanical wheeze and grating. Mary's voice itself is a delight in its clarity and resonance, equally effective in its youthful lightness and in its more mature throatiness during the tensely dramatic moments of the drama. "The perfect screen voice" would faithfully describe Mary's.

JEANNE EAGELS SCORES TRIUMPH

Jeanne Eagles registered a triumph last night at the Ceramic theater at the opening performance of "The Letter," Paramount's all-talking pictureization of the W. Somerset Maugham stage success. "The Letter" is an ideal all-talking picture presentation and Miss Eagles, supported by an exceptional cast, will seldom be seen to better advantage on stage or screen.

Miss Eagles, as a woman who loved neither too wisely nor too well, gave a characterization of a woman scorned that will not be forgotten easily by local theatergoers. Her magnetic personality held the audience in suspense from the opening scene to the closing one. Her voice registered well and proved aptly suited to the new form of screen entertainment.

O. P. Heggie, brilliant portrayal of many characterizations on the stage, has the important role of the lawyer who saves Miss Eagles from conviction of a murder charge by sacrificing professional ethics. Reginald Owen, as the outraged husband, has a strong role.

"SPIELER" PROVES SCREEN SUCCESS

"The Spieler," now at the American theater, is in every respect a great picture. It deals with an ever-popular subject—circus and tent shows life—in a highly entertaining manner. The story deals with a spirited young woman who inherited a carnival and who seeks to eliminate a certain lawless element that follows in the wake of her enterprise and thereby incurs the hostility of several crooks. She

DISAGREE IN DEATH OF STUDENT

The investigation into finding the dead body of Walter T. Huntington, left, Harvard student of Windsor, Conn., has not definitely revealed whether the young man took his own life or was killed by some unknown assailant. He had come to his home, above, at Windsor for a week-end visit and was to have returned to college the day following his death. Medical Examiner Costello finds the case is homicide, but County Detective E. J. Hickey holds to his theory of suicide. Clues are now being run down which may reveal the existence of a girl in the case who met Huntington in secret trysts near the spot where his body was found.

has meanwhile met the speller who, while he warns small town carnival partons to beware of pickpockets, is himself a thief. A love romance between them develops and this provokes a series of thrilling occurrences which will hold the attention of every spectator to the final fadeout.

Four players of wide reputation and popularity are featured in "The Spieler." They are Renee Adoree, who triumphed in "The Big Parade" and "Le Boheem," Alan Hale, of "Sal of Singapore" fame, not to mention "The Skyscraper" and "The Leopard Lady," Clyde Cook, comedian, who was seen to fine advantage in "White Gold" and "Celebrity," and finally, Fred Kohler, one of the most famous heavies of the screen, who scored in "Sal of Singapore." It is not often that a screen attraction offers so brilliant a quartette of players in the leading roles.

Others in the cast include Fred Warren, Jimmy Quinn, Kewpie Morgan and Billy Latimer, each a player of talent and reputation.

Family Hikes Far For Job.

How a Scotch miner and his family had walked more than 1,500 miles in search of a job was revealed recently when George, the twelve-year-old son of Phillip Reynolds of Glasgow, decided to leave the hiking party and explore for himself. Hearing that work might be had in London, the family, including Mrs. Reynolds and the children, ranging from an infant of nine months to George walked nearly 400 miles to the city only to be disappointed. They hiked back to Hamilton, near Glasgow, then trudged nearly 300 miles to Lancaster, England, where a reported job could not be found. Back to Hamilton they started, but on the way George disappeared at Bowling. The rest of the Reynolds returned to Hamilton and started a search for the boy who turned up at Paisley, having made a circuit of nearly 300 miles alone.

PICTURE PATTERN

ATTRACTIVE WASH FROCK THE STYLE No. 2892 in red and white percale with white pique contrast accented with plain red piping, expresses simple smartness for mornings or porch wear. It's easily made as the back is in one piece; front in two sections with lower skirt sections pressed in plaits each side of center, forming a panel to add length to figure. The belt marks normal waistline. Novelty shantung is another interesting suggestion that is smart enough for street. Printed rajah is sportive. Wool jersey in chartreuse green is stunning for golf and sports wear. Printed pique, checked gingham, linen and cotton broadcloth also becoming fabrics.

THE PATTERN designed in sizes 18, 18 years, 36, 38, 40, 42, 44 and 46 inches bust has a Picture Chart, which is a dressmaking lesson in itself, for it shows in Pictures from the beginning to end, just how to make it. In ordering pattern clip the design shown or order by number, and be sure to specify the size you want. When a Child is FEVERISH, CROSS, UPSET

Colic, gas, sour belching, frequent vomiting, feverishness, in babies and children, generally show food is souring in the little digestive tract.

When these symptoms appear, give Baby a teaspoonful of Phillips' Milk of Magnesia. Add it to the first bottle of food in the morning. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will keep the bowels free of all sour, indigestible food. It opens the bowels in constipation, colds, children's ailments. Children take it readily because it is palatable, pleasant-tasting.

Learn its many uses for mother and child. Write for the interesting book, "Useful Information." Address: The Phillips Co., 117 Hudson St., New York, N. Y. It will be sent FREE.

In buying, be sure to get genuine Phillips' Milk of Magnesia. Doctors have prescribed it for over 50 years. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co., and its predecessor, Chas. H. Phillips, since 1875.

BUCEY-POWELL WEDDING HERE

A PRETTY wedding took place at 10 o'clock this morning, when Miss Wanda Lee Bucey of Pennsylvania avenue, East End, became the bride of William Perry Powell, Jr., of New Cumberland, W. Va. The ceremony was solemnized in the parsonage of the Pennsylvania Avenue Methodist Episcopal church, with the Rev.

Robert C. Beechley officiating. The attendants were Miss Dorothy Powell, a sister of the bridegroom, and John O'Rourke. The bride, a daughter of Mr. and Mrs. William Bucey of Tampa, Fla., was gowned in a beige ensemble, with hat to match. She wore a corsage of bride's roses and sweetpeas. She is a graduate of the Toronto high school with the class of 1927. The bridegroom, a son of Mr. and Mrs. Perry Powell, of New Cumberland, is employed by the Perry and Sanford company there. A wedding dinner will be served at 6 o'clock tonight in the home of the bridegroom's parents. Covers will be arranged for 45 friends and relatives. Mr. and Mrs. Powell will live with the bridegroom's parents.

Needlework Society Serves Dinner.

A Mothers' Day dinner was served at 6:30 o'clock last night by members of the Young Ladies' Needlework society in St. John's Lutheran church. Summer flowers adorned the table, at which covers were arranged for 24. The dinner was served by Mesdames John and Henry Schneidmiller and Leo Carr and Misses Pauline Voigel and Elizabeth Schneidmiller.

A short business session was conducted by the president, Miss Veigle, after which piano selections were given by Miss Elizabeth Schneidmiller.

In two weeks the society will meet with Mrs. Robert Miller, Orchard Grove avenue.

Miss Ha Finney Hostess.

Miss Ha Finney received members of the Fidelity group of the Girls' Friendly society of St. Stephen's Episcopal church in the home of her sister, Mrs. Stanley Rose, Price street, last night. The business session was in charge of Miss Edna Simpson, after which readings were given by Miss Helen North.

A trophy was awarded Miss Ha Finney. Refreshments were served by the hostess, assisted by her sister, Mrs. Rose.

The next meeting will be held June 3, in the home of Miss Bess Tucker, St. George street.

Two years ago this month the General Electric Refrigerator was publicly announced for the first time.

Fifteen years of research and development had produced a refrigerator with an hermetically sealed, dust-proof mechanism, mounted on top... a refrigerator with an improved type of cabinet, mounted on legs... one with an accessible temperature control... that established a new standard of quiet operation... that required no oiling... that dispensed with all troublesome machinery...

that lowered operating costs... that carried an unequalled two-year service guarantee.

A radical improvement has been made in the cabinet! It is now all-steel! It cannot warp. It is as strong as a safe.

You can purchase the new models shown at our display rooms on conveniently spaced payments.

Tune in on the General Electric Hour broadcast every Saturday evening 8 to 9 Eastern Standard Time over the N. B. C. network of 42 stations.

Ceramic Theater Rewards Ten Careful Drivers Here.

Two complimentary tickets to the Ceramic theater were mailed to each of 10 automobile drivers, who were cited for carefulness yesterday in the "Save a Life Week" which is being sponsored by The Columbiana County Motor Club.

Licenses numbers of the motorists who exercised care while driving through the downtown district were listed. Check will be made in the residential districts today.

Drivers who received theater passes, mailed from the Motor Club headquarters, are:

Dr. J. Bert George, Little building; John L. Walker, 1809 Harvey avenue; Carrie Jane Robinson, 119 Washington street; H. E. Robert, Box 561, city; Margaret Probert, 935 Chestnut street; T. N. Anthony, West Ninth street; W. H. Cordwin, McKinnon avenue; J. R. Larimore, Glenmoor; M. R. Sifton, Pennsylvania avenue. The other car carried Ohio license D-115 which was issued at Columbus and for which there is no record in East Liverpool. The motorist may obtain his tickets by calling at the Motor Club headquarters in the Marfourth building.

Talks dealing with safety will be given here this week. President Albert Froesch has been named to address the Rotary club; Harry Brokaw, the Lions' club; Walter Hill, the Kiwanis club, and Albert P. Morris, high school assembly. Boy Scouts are now being selected for safety talks in the schools.

Garages have arranged for automobile brake tests during the week. Automobile owners will be provided with a card certifying the condition of his brakes, following this inspection which will be free.

Three of the automobile drivers to be cited this week will receive one-year memberships in the motor club, while three others will be given \$1,000 accident insurance policies. The six grand prizes will be drawn from the stage of the Ceramic theater Saturday night.

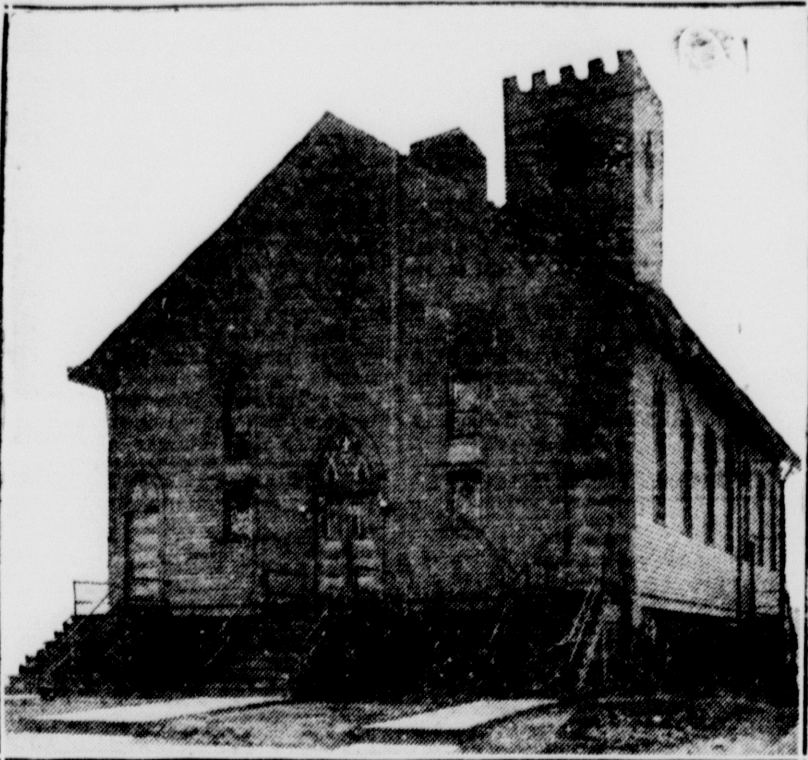

SUSPECT IN OHIO MURDER FREED

OTTAWA, O., May 14.—(INS)—Stanley Lechak, 30-year-old Toledo factory worker, who was arrested in Mansfield last Thursday in connection with the unsolved slaying of Mrs. Mary Henner, 20-year-old comely divorcee, was released from custody of authorities today.

Police here could not substantiate any charges to file against him so he was released.

Even though he admitted that he had a date with the Gibbo, (Ohio) divorcee on the night she disappeared, never to be heard from again until her body was found beamed and battered in a small creek near her cottage home, the man told a straightforward story of his actions on the night of the murder.

ST. ANN'S CATHOLIC CHURCH

iron and bronze, with soft-tone bulbs. All rugs, tapestries and draperies used in the rectory were imported.

Pastor Here Three Years.

The Rev. Father Maurer is now serving his fourth year as pastor of St. Ann's parish. He was born Nov. 15, 1886, in Mansfield, O., where he spent eight years in the public schools and two years in commercial study. For seven years he was associated with the Hantzer-Roeder cigar company, of Mansfield and Gallon. He was superintendent of the company when he resigned to become storehouse manager for the New York Central railroad.

Three months later he accepted a scholarship at the John Carroll University, Cleveland, and began his study for the priesthood. Father Maurer was ordained May 29, 1919, by the late Right Rev. John P. Farrelly, D. D., bishop of Cleveland, after four years at St. Joseph's college, Raensteler, Ind., two years philosophy course at the St. Bernard's seminary, Rochester, N. Y., and four years of theology at St. Mary's seminary, Cleveland.

After seven years as assistant pastor at St. Peter's church, Cleveland, he was appointed by the Right Rev. Joseph Schrembs, D. D., bishop of Cleveland, as pastor of St. Ann's church. He has been in charge here since March 3, 1926.

Parish Established in 1911.

St. Ann's parish was established in 1911 by the Rev. Father Jerome Reidy, former assistant pastor of the St. Aloysius church, but was later served as a mission by the late Rev. Father T. Augustine Dunne, pastor of the downtown church.

The Rev. Father Stanley Capri succeeded Father Reidy in 1921, and

when Father Capri was transferred Father Maurer was appointed to fill the vacancy.

Postmaster to Sail

(Continued From Page One.)

isting government, headed by Premier Stanley Baldwin.

Will Meet Labor Leader.

One of the regrets of his former visit was his inability to see Lady Cynthia Mosley and her husband, Captain Oswald Mosley, with whom he became acquainted during their visit here in the spring of 1926. Both were then on a holiday and did not return to their London residence until after he had sailed for home.

The late William Clowes, a member of parliament for the Hanley district, who for years was the head of the National Society of Pottery Workers, extended Mr. Wood much courtesy on his previous visit. Unable to go about with him in the degree he could have liked, Clowes had Arthur T. Lum, the treasurer of the organization, do so for him. Since the death of the former the latter has succeeded to the secretaryship of the potters' union which official becomes in that country its head and also succeeded to his place in parliament.

Hallam is cognizant of the forthcoming visit of Woods and will thus greet him.

Upon his return trip, Wood will sail on the steamship Berengaria. He will board the vessel at Southampton.

Though he was active in ceramic circles for years in and about East Liverpool, pottery making was not the original trade of Wood, since in England he was engaged as a cotton spinner. He returned to the scenes of his early employment two years ago and by actual trial found that he could again do the work he then performed.

Wood is a good ocean traveler. "I eat three meals a day regularly when on the water just as I do when on the land," he remarked in discussing his coming trip. "They serve five meals daily on shipboard, but I see no reason for adding to my usual quota of eating."

Arrangements for Postmaster Wood's leaving have all been made with the postoffice inspector of this district whose headquarters are in Cincinnati. During his absence the office will be in charge of the assistant postmaster, George Welch.

ROTARY GREET NEW MEMBERS

Ira Mellinger, Leetonia Lauds Service Clubs.

Stanley Hilbert and Robert Boyce were introduced as new members of the Rotary club at today's luncheon in the banquet hall of the Y. M. C. A.

The new members are duplicates for their fathers, J. S. Hilbert, real estate and fire insurance broker, and Charles R. Boyce, pottery executive. They were introduced by President Albert Froesch.

Ray Birch, of the Ray Birch Motors, was chairman of the meeting. Ira Mellinger, Leetonia lumber dealer, was the guest speaker.

"I am an optimist," said Mellinger. "I believe that we are living in the greatest age in the history of the United States and that we are on the verge of a newer and brighter day. The Rotary club, the Kiwanis club, Lions and other service organizations are doing much to make this a better world. Members are putting into practice in every day life the high ideals which their clubs teach them."

"The measure of a man's life is never taken until he passes into the next world, and then he is appreciated. The Almighty does not always pay at the end of the week but he pays eventually and any little act of kindness which we perform is always rewarded in the end."

FARMERS PRESS TARIFF DEMAND

Appeals are Couched In Spirit of Ultimatum.

BY WILLIAM S. NEAL.

(I. N. S. Staff Correspondent.) WASHINGTON, May 14.—The "farm bloc" today delivered its program of greater tariff protection for agriculture to the Republican members of the way and means committee—and the appeals were couched in the spirit of an ultimatum.

Satisfied that they are in the saddle, the western Republicans are prepared to push their tariff proposals to the limit, and threats are being made to scuttle the new Hawley tariff bill unless a substantial part of their claims are granted.

Every new development in both the farm and tariff fights has strengthened the determination of the "farm bloc" members, who point to the Democratic-Republican Insurgent coalition in the senate as an effective bar to passage of an unsatisfactory tariff bill.

Reports that President Hoover is dissatisfied with the tariff bill as framed by the Republican members of the way and means committee has also had its effect.

President Hoover is reported to feel that agriculture should have more protection, and believes that the house committee went beyond his own proposals for "limited" tariff revision.

One report, apparently authentic, that Mr. Hoover favored a tariff on hides, but opposed it on boots and shoes has swept through congress, filling backers of industrial tariff demands with alarm.

RIVER, RISING, HITS 12.6 FEET

Lowest Stage of Year—10-foot—Reached Last Night.

As a result of rain yesterday and last night, the Ohio river, rising three tenths of a foot an hour, had reached a stage of 12.6 feet at noon today at Dam No. 8. The lowest stage of the year—10 feet—was recorded at 9 o'clock last night.

The steamer Senator Cordill will arrive here tonight, enroute to Cincinnati from Pittsburgh. The General Wood is due home tonight from Wheeling, W. Va.

The LaBelle, towing six empty barges, and the Old Reliable, with one barge of tar, passed here yesterday for Pittsburgh. The Governor Harding is enroute today to Point Pleasant, W. Va., with three empty cement barges. The Ingersoll, Jr., with two empties and four barges of iron pipe, passed here for Memphis, Tenn.

KILLER PAYS DEATH PENALTY

F. H. Knowlton, Jr., Reasserts Innocence In "Chair."

BOSTON, May 14.—(INS)—Reasserting his innocence, Frederick Hinman Knowlton, Jr., young Framingham business man, walked without faltering the short distance from his cell in the Charlestown state's prison death house to the electric chair early today. He hesitated a moment to thank his guards, his chaplain and the press for their kindness to him and then paid with his life by four shocks of high voltage electricity for the slaying of Miss Marguerite Isabelle Stewart a year ago last March.

In his death cell Knowlton wrote his last letter to his sister, Mrs. Jane Bryant, stating that he was sure his sins had been forgiven and that he was "absolutely innocent" of the slaying of the Beverly school teacher. Then he played cribbage with a guard until he was led to the electric chair.

NEWTON D. BAKER, former secretary of war, says Chicago's Loop is the most dangerous spot on earth. General Pershing's divisions were not as fully armed as guards who stand at machine-gun turrets while a bag of gold is moved from one side of a street to the other.

There is one place more dangerous than Chicago's Loop, Mr. Baker will identify it if he will take his money in New York's Wall Street and play the game that is played there.

If you throw up your hands and keep quiet, Chicago's gunmen will take only what you happen to have with you.

Wall Street does things in a more thorough manner. You can face any gunman without loss when the ticker gets through with you. Many Americans will realize that, shortly.

LOYD GEORGE expects to beat Baldwin and the Tory party at the coming election and to find himself once more at the head of Britain's government.

That would be a good thing for Great Britain. Lloyd George is the ablest British leader in more than 100 years.

The former kaiser knows it. But for Lloyd George some of the Hohenzollerns might be living at Windsor now.

Lloyd George relies largely on Baldwin's extravagance. He says: "With no expectation of fighting any one by land, sea or air, the wasteful Conservative government is spending \$60 per family on maintenance of British armed forces."

Unemployment will hurt the Tories more than financial extravagance. In come tax payers bear the expense. Labor will vote against lack of jobs, caring little how the money of the prosperous is wasted.

Lloyd George knows it, and his real campaign program is one of promised road building and other public works, to provide wages for the idle.

His protest against paying a dole to idle men, instead of making them useful, at real work, should appeal to Britain's common sense.

In this country we let the idle look out for themselves, a good enough plan, while prosperity lasts. We may have to change it.

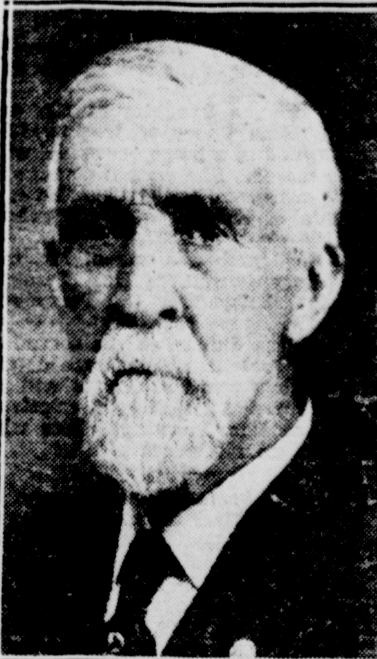

Britain's laboring class has learned to think a little, and may disappoint Lloyd George by voting the Labor party in.

It depends largely on the young British girls that will vote this year for the first time.

Statesmanship finds itself obliged to ask, "What do women think and want?" An excellent thing for the women and the nation.

Depositions Ordered In Bank Crash Suits

Attorneys Will Question Former New Cumberland Bankers Now in Atlanta Prison.

CHESTER, W. Va., May 14.—Counsel in the pending New Cumberland bank case in the federal court at Wheeling were given permission yesterday to take depositions from James E. Brandon and John A. Brandon, former bank officials now serving terms of 10 years each in the federal prison at Atlanta, Ga.

George L. Bambrick, counsel for H. A. Graham, receiver of the defunct bank, said it was desirable that trial of pending cases against defendants in the collapse of the institution be held at this time.

Judge W. E. Baker said that if the attorneys were able to obtain the needed depositions and return in time, he would set the cases for trial the last week of the term.

John A. Watson, of New Cumberland, is the defendant in one of the suits, while James E. Brandon and the American Surety company of New York are the defendants in the other.

WISHES SHE HAD USED IT EARLIER

Matron Finds Good Health In World's Tonic

"When I was a young girl I had a beautiful complexion and people said my eyes fairly sparkled," said a well known matron of East Liverpool to the World's Tonic druggist. "Late in my twenties I began to lose my beauty, and you can now see that my complexion is almost gone. It was my own fault. Like many a young woman, I did not value my good looks until I had almost lost them. I was willing to give anything to get them back. I almost lost them through getting into bad personal habits. I did not know then that to neglect to answer Nature's call is one sure way to bring on constipation, and this enemy to good looks came on so insidiously that when I awoke to my danger it was almost too late to regain my complexion, and I think I was lucky to save myself from being an invalid."

"I noticed that my skin was getting sallow and its rosiness was disappearing, but it was not until other symptoms appeared that I was awakened to the seriousness of the matter. My face broke out in an ugly rash, my breath became bad, and my appetite failed so that I got as thin as a rail. My skin kept getting darker and darker, and I had frequent headaches. These I had never had before, and I thought they were due to my stomach, so I doctored it for almost a year, with little result."

"A friend told me World's Tonic was fine for stomach trouble, so I purchased a bottle. The first effect I noticed was that the constipation was overcome. When that was accomplished the rest of the bad symptoms disappeared promptly, and my skin began to take on a more natural color. I am now well and keeping well by the use of World's Tonic. I have regained the good complexion I lost as a result of my neglect of constipation. I am so thankful that I am rid of the bad effects that I cannot say too much in praise of World's Tonic. I only wish I had used it much earlier." World's Tonic can be purchased from Carnahan's, also C. M. Brannan's at Wellsville, or at any other first class drug store. (A-38)—Adv.

Starvation Faced Him Till "Orange Root" Came Says—

Mr. Earl Miller, Victim of Combined Stomach, Liver and Kidney Troubles, Could Keep Nothing on His Stomach Had No Strength at All, and Was Slowly But Surely Failing in Health.

His Condition Thought Hopeless, Took a Course of "ORANGE ROOT" and Today is Rid of All His Health-sapping Maladies — Feels, Looks and Acts Like Different Person Says.

"This ORANGE ROOT" is the greatest TONIC on earth, for it has restored me to HEALTH after all the specialists and other medicines failed," says Mr. Earl Miller, of 548 R. R. street East End, East Liverpool, Ohio. Mr. Miller is very well known here, being employed at the Yellow Ware Pottery company. He continues, "I suffered dreadfully with severe stomach, liver and kidney troubles for years. I had terrible headaches and dizzy spells. My appetite was gone, and what little I did eat, seemed to disagree with me for my food formed a heavy mass in the pit of my stomach with formation of much gas in my throat and chest. I could scarcely breathe at times. The gas pressure caused palpitation of my heart and worried me almost to death. My sleep was restless and I was nervous and irritable all the time. I suffered with biliousness and constipation, due to a faulty liver which failed to carry off the poisonous bile. Black spots before my eyes and dizzy spells beset me everyday. My kidneys did not work right, for I had to rise frequently at night. I would suffer awful backaches and stiffness in my joints on rising each morning. My vitality was gone, I was a nervous wreck and being unable to keep anything on my stomach, I was slowly starving and failing in health. I tried all the specialists and medicines

I ever heard of, but failed to improve. ORANGE ROOT Iron & Celery Compound was recommended to me by a friend who had used it with wonderful results. I took a course of it along with a few of those golden Nuggets, and to my amazement, within a few days, my appetite returned and everything I ate agreed with me. For I gained rapidly in strength. My liver functioned normally, and all signs of constipation, dizziness and kidney weakness vanished. I can go to bed now, and never have to get up once during the night. Backache and gas pains have left me entirely, and I really feel years younger since taking the treatment. My whole system seems to be vitalized and strengthened, for I do not have those tired draggy feelings anymore. I look, act and feel like a different person, and heartily give all the credit to ORANGE ROOT, the greatest TONIC on earth."

Follow the crowds to MATHEWS MEDICINE STORE, where the Orange Root man is daily meeting the public, explaining and introducing this marvel of the age, get a treatment of 3 bottles of the TONIC, a box of the golden Nuggets, take them according to directions, and you will be surprised at the immediate and lasting good they will do you. Hundreds of thousands from all sections of the nation endorse and recommend them. Take them TODAY and GET WELL. Prices TONIC \$1.25, Nuggets 50c. FREE samples of the Nuggets to all. add 10c extra for parcel post charges if your local druggist cannot supply you.

GOVERNOR ASKS STATE SURVEY

Dr. I. I. Hirschman Will Report on Institutions.

Governor William G. Conley has appointed Dr. I. I. Hirschman, of Huntington, to make a survey of all state charitable and penal institutions and state hospitals.

Following are the principal instructions given by the governor:

"First, report in detail on administration in all its phases.

"Second, report on physical condition of buildings, equipment and property.

"Third, report on quartering of inmates with respect to overcrowding and placing in proximity of persons with infectious or contagious disease.

"Fourth, report on treatment, care and feeding of patients.

"Fifth, report on admission of pay patients to the exclusion of charity patients.

"Sixth, report as to whether the charge for pay patients is excessive."

Dr. Hirschman, one of the state's most distinguished physicians and author of medical works, is a specialist in internal medicine and at the present is chief of the medical staff at the Kessler-Hatfield hospital. He is also tuberculosis consultant of the United States Veterans' bureau.

After graduation from Deichman college, in Baltimore, and the University of Maryland, Dr. Hirschman became medical consultant for the Baltimore and Ohio railway company. Later, from 1911 to 1914 he was resident physician at the Municipal tuberculosis hospital in Baltimore and Maryland State sanatorium.

In 1914 he became instructor in medicine at Johns Hopkins university and remained a member of the faculty until 1917. During the World war and for some time afterwards he held the commission of major in the medical reserve corps, U. S. army. From 1917 to 1922 he was chief medical officer of the U. S. veterans' bureau in the Fourth district.

How to Lose Two Dozen Pounds of Fat

At the Same Time Gain in Physical Vigor and Youthfulness and Swiftly Possess a Clear Skin and Vivacious Eyes That Sparkle With Glorious Health.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat."—Don't miss a morning.

The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are tuned up and the pure, fresh blood containing Nature's six life giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 85c bottle of Kruschen Salts from Carnahan Drug Co. or any live druggist anywhere in America with the distinct understanding that you must be satisfied with results or money back.

Election Steps Festival.

Music must give way to politics in England this year. The authorities of the Crystal Palace in London have decided to postpone until 1930 the triennial Handel Festival, which was to have been held in June, on the ground that as the general election will take place in that month there would be a risk of the festival being a financial failure. The promoters are wary because of their experience in 1926 when, after spending thousands of dollars in advertising and preparation, their plans were knocked asunder by the calling of the general strike. Only the ending of the strike before the day of the festival saved any part of the event, but the losses were heavy.

"ONLY MEMORIES REMIND ME OF MY OLD ILLNESS"

Man Describes How Famous Konjola Freed Him From Double Ailment.

MR. JOHN ROSICH.

"Only memories remind me of my old suffering from rheumatism and stomach trouble," said Mr. John Rosich, 406 Dearborn Street, Youngstown.

"For fifteen years I suffered from these ailments. After every meal I had indigestion. Food fermented and caused acidity, and gas bloating followed. Rheumatism settled in my joints and muscles. It was misery for me to walk, or do anything. I rolled and tossed for hours at a time at night, and felt completely tired out in the morning.

"I heard how Konjola had helped a man who suffered as I did and gave this new medicine a trial. Inside of a week, I noticed a wonderful improvement, and it wasn't long until my health troubles had disappeared. I eat three square meals a day, and my stomach does not cause me the least bit of suffering. My body is free of rheumatism, and I feel like a different man. It is a pleasant duty to praise Konjola."

Konjola is sold in East Liverpool at Carnahan's drug store, and by all the best druggists in all towns throughout the country.—Adv.

East Palestine-New Waterford and Rogers-Clarkson Jobs are Awarded.

LISBON, O., May 14.—Resurfacing of the East Palestine-New Waterford road will begin as soon as materials have been delivered, it has been announced today by Lewis & Copeland of Lima, who will finish the pouring of concrete at Negley this week on the Middleton township section of the East Liverpool-East Palestine highway. This company has been awarded the resurfacing project on a bid of

\$4,897.28. The only other bid, \$4,004.03, was made by Miller & Son.

Three contractors sought the resurfacing of the Rogers-Clarkson road, which has also been awarded to Lewis & Copeland on a bid of \$9,412.94. Two other bids were from George H. Patterson of Wellsville, \$9,511.94, and Miller & Son, \$9,670.34.

The new road in Middleton township will be opened to traffic 21 days after the last concrete has been poured. The Canton Coal & Supply company has begun the pouring of concrete on the St. Clair township section of this highway.

Allison & Harris Construction company of East Liverpool has begun work on the Rogers-Negley road.

Peter Milliron of East Liverpool has been awarded the contract for road maintenance in District No. 3, consisting of St. Clair, Liverpool and Yellow Creek townships. His bid was \$4,989 against \$5,199 submitted by Mahlon F. Myers.

Alimony Order Modified.

An alimony order entered in common pleas court by Judge W. F. Lones last April 17 in the divorce action filed by Mrs. Phoebe Calhoun against her husband, John Calhoun, has been

modified, so that the defendant is now ordered to pay the plaintiff \$31 a month. A degree was refused the plaintiff when this cause was tried.

COURT RULES IN TWO CASES

A motion to the petition has been sustained by the court in the \$5,000 damage action recently filed in common pleas court by Frank S. Kountz against C. F. Walters. The plaintiff has been ordered to state more definitely the nature of the injuries he received.

The court has sustained a motion to the petition in the partition case of John D. Dallis and others against James Kapotas and others.

Michael Chestnut of Center township, charged with non-support of a minor child by Alfred Carlisle, pleaded guilty when he faced Juvenile Judge Lodge Riddle, and was given a suspended sentence of six months in the Canton workhouse. He was ordered to pay \$10 a month to Probation Officer J. H. McCreedy. He posted \$300 bond.

W. O. WALLACE GETS JUDGMENTS

Judgment by default has been entered in common pleas court in favor of the plaintiff for \$2,641.04 and costs in one case of W. O. Wallace of Columbiana against The McFadden Foundry & Machine company, with M. F. McFadden, A. F. Poulton, H. W. Forney and Charles Frederick as party defendants.

In another action, judgment by default has been entered in favor of the plaintiff for \$5,694.91 and costs. In the latter suit, the name of W. C. McCord was added to the list of defendants.

Yankee "Kid" Netters Make Davis Cup Bid

Clash With Canadians Thursday at Montreal.

By Davis J. Walsh.

NEW YORK, May 14.—For the first time since Tilden and Johnston were more than just a couple of names in the city directory, America is making its bid for the Davis cup with a bevy of juveniles, beginning on Thursday at Montreal, and somehow an air of vague disquiet has become associated with the venture. Frankly, a lot of people are imbued with the notion that America, almost perennial custodian of the trophy until two years ago, is due to be given the hum's billiard, so to speak, by Canada in the first round this week.

An awed whisper, they are speculating, not about youth being served, but as to how well youth will do the serving when Hennessey, Van Ryn and Allison have at the Canadians, it being the common impression that the young men, without the steady influence of Papa Tilden, have over-matched themselves. It even seems to be considered a possibility that George M. Lett, Jr., who is attempting to sustain a lot of education in the middle west, may find it necessary at the last minute to come galloping up with a reprieve. This is largely a lot of banana dumplings.

If form is served in this meeting, America will advance to the second round of the international series without untoward incident and Mr. Lett will do all of his riding this week on a street car. He may be needed this week in Montreal but past performances say that he shouldn't be.

We have had these Canadians down here before in our national championship and they never get by the early rounds. Indeed, Dr. Jack Wright and Willard Crocker, their best, have been playing international tennis for years and, according to my memory, neither of them ever has beaten a top ranking player.

GERMAN STARTS TRAINING AGAIN

NEW YORK, May 14.—Max Schmeling, German heavyweight, arrived here early today to begin preparations for his milk fund bout with Paulino Uzcudun next month.

Schmeling's chief worry at present is whether he will be compelled to go through with the Con O'Kelly match in Boston before beginning training for the Paulino bout. Officials of the Boston Garden will be asked at a conference here tomorrow to postpone the O'Kelly fight until July.

CIRCUIT TO TRY NIGHT RACING

TOLEDO, O., May 14.—Night racing and starting from the barrier, two startling innovations in the light harness horse sport, will be given their first real test at Fort Miami track during the Grand circuit meeting sponsored by the Toledo Driving club during the weeks of June 24th and July 8th. Both of these pioneer projects will have a far reaching effect on the sport should these tests prove successful. And for that reason the interest of horsemen the world over will be centered on the meeting here.

The Toledo association will be the first in the Grand Circuit to attempt night racing and a recent announcement of its plans has brought a flood of commendatory messages to club officials. The barrier plan of start-

ing, a move to get away from the old and weary method of scoring, was first attempted at Fort Miami oval last October. Its first real trial will come, however, with the Grand Circuit meetings and if successful, a

number of the other associations in the Grand Circuit will fall in line.

Nearly 4,100,000 tons of coal were used in the last year for making gas for London.

It costs very little to recondition a MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.

Southern Cross Rescue Samaritans Give Last Full Measure in Their Vain Efforts

Top photo shows McWilliam, the radio operator, left, and Litchfield, the navigator, right, of the plane "Southern Cross," which Captain Kingsford-Smith, right, was piloting in an attempted flight from Sydney, Australia, to London, and was forced down in the wilds of Australia. Lt. Keith V. Anderson, below, left, with a heroic companion, Robert Hitchcock, set out in search of the lost flyers and lost their lives. (International Newsphoto)

Australian Bush Takes Toll of Two Lives For Four.

The awful aftermath of two Good Samaritans of the air, forced down to their death in the Australian bush while searching for the stranded Southern Cross fliers, was disclosed when a rescue party located the bodies of Lieutenant Keith Anderson and Robert Hitchcock and their plane.

A scrawled diary, written with the fast-fading strength of these two valiant aviators on the rudder of their ship, was silent evidence of the struggle and torture they had endured.

When first sighted by another aviator several days ago, both bodies were believed to have been under the wing of the giant monoplane. But the rescue party today discovered that only the emaciated form of Hitchcock was sheltered by the plane.

The body of Lieutenant Anderson was 400 yards distant in the bush, one of the outflung arms clutching an air cushion containing two full bottles of gasoline.

The diary showed that the plane had been forced down on April 19, by engine trouble, after the fliers had unsuccessfully sought the ill-fated Southern Cross, commanded by Captain Charles Kingsford-Smith, and all of whom were subsequently saved.

The engine trouble was located and fixed, but the two men were only then apprised that death was near. The stubborn Australian bush, which has taken the lives of many pioneers before them, would not give up its prey. They tried to take off—the landing gear tracks remain—but the tangle of undergrowth in the lonely

spot made their rising an utter impossibility. Then followed the struggle against nature. The last entry on the flapping rudder disclosed they drank the alcohol from their compass, and on April 12, Hitchcock died. Anderson, weak from exposure and lack of nourishment, then set off with the gasoline bottles in search of water. But he was too weak to find his way. His tracks show he traveled in a wide circle, stumbling frequently, until his final collapse, when he was too weak to regain his feet to resume the struggle.

The searching party, composed of three white men, a horde of negro trackers, and twenty-six horses, suffered greatly during their hunt for Anderson and Hitchcock. These men also were victims of thirst and the great heat, and the horses were without water for forty-five hours.

Shallow graves were dug, and the two decomposed bodies buried near the plane which, had there been even the slightest semblance of a clearing, could have brought them safely back to civilization. The lank, aboriginal bush claimed the two as payment for having had to give up the four in the Southern Cross.

Troublesome Night Coughs Stopped.

Coughs and colds usually grow worse at nightfall. Bronchial coughs, nervous hacking coughs, dry racking coughs and throat irritations are quickly reached and eased by Foley's Honey and Tar Compound. It puts a healing coating on the inflamed tissues, stops the cough at once. Jas. Edwards, Montgomery, Ala., says: "I can sleep all night since taking Foley's Honey and Tar, and others of my family have used it with the best of results." Carnahan's 3 Drug Stores.—Adv.

A Message to Underweight Men and Women

The one supremely good health building tonic that is also the one great weight producer known to modern science the country over is McCoy's Tablets.

They build flesh where flesh is needed—sunken cheeks, neck and chest—and many a man and woman, skinny and scrawny have thanked McCoy's after a few weeks treatment for the decided improvement in looks and figure.

Many times the increase in weight is astonishing—one exceedingly thin woman gained 10 pounds in 22 days.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return your money.

Ask at Mathew's Med. Store or any drug store for McCoy's Tablets. Marked by McCoy's Laboratories. Also distributors of McCoy's Cod Liver Oil.—Adv.

BAPTIST RALLY HERE SUNDAY

The Rev. Joseph W. Whitfield, pastor of the Second Baptist church, today announced that a rally for men and women of the church would be held Sunday afternoon at 3:30 o'clock. An address will be delivered by the Rev. William Marris of Alliquippa, Pa. Mrs. Margaret Jeffreys will be in charge of the program. Offering will be taken for the building fund of the church.

Girl Scouts Meet.

Members of the Girl Scout troop of the Second Presbyterian church met last night in the basement of the church.

Mrs. Burlingame Hostess.

Mrs. William Burlingame was hostess to the Young People's society of the Oakland Free Methodist church last night at her home in Ohio avenue. Social hour followed the business session.

May Heat City By Wireless.

Wireless waves sent from the Eiffel Tower may eventually heat the entire city of Paris, according to French electrical engineers who are studying the system being used in Germany. According to M. Jacques Risler, who has just returned from Germany, heating plants there are being operated by wireless waves, and although the wireless heating of houses is still in the experimental stage, the feasibility of it has been definitely established. In the tests two posts were set up in the laboratory, about 30 feet apart. The sending post sent out from 400 to 500 volt-current waves of a length of from two to three metres. Heat is produced by merely imposing on the receiving post circuit a filament in a vacuum, which is raised to an incandescent state. Risler says the receiving posts can easily be installed in homes to become electrical radiators.

Tientsin, China, is to have a new hospital.

NAVY NO. 1 WINS

Ensign Wilfred Bushnell, top, was aide to Lieut. T. G. W. Settle, bottom, who piloted Navy balloon No. 1 in the annual elimination contest, from the starting point at Pittsburgh, Pa., and landing on Prince Edward Island, Canada, a distance of about 900 miles, surpassing the record established two years ago by Rasmussen, of 570 miles.

Columbiana

At the last meeting of the Columbiana board of education the following teachers were re-hired for next year: High school principal, Edgar F. Miller; Donald Barbe, John C. Barton, Garnet Goolley, Ethel Potte and Agnes Watson. Grades: Nellie Koch, Mildred Mowen, Sparkle Lautzenheiser, Daris Walker, Lois Koller, Virginia Shively, Alberta Windle, Belya Switzer and Willa Carpenter. Other existing vacancies will be filled later. At the request of the state inspector of schools, the work in domestic science, manual training and physical instruction will be extended to the seventh and eighth grades. This will require the services of an additional teacher. The contract of Supt. F. J. Sewall has another year to run. The Rev. J. C. Strubel has been assigned by the Columbiana Ministerial association to preach the baccalaureate sermon Sunday evening, May 26, at the high school auditorium. Prof. W. A. Walls, superintendent of Kent Schools, will be the commencement speaker, Wednesday evening, May 29.

At the recent meeting of Columbiana village council the salary list of local officials was revised, effective January 1, 1930. The Mayor's salary will be \$150.00 per year, an increase of \$15.00; village clerk, \$100.00, an increase of \$10.00; marshal, \$150.00 per month; street commissioner, \$150.00 per month, an increase of \$30.00 per year; members of the board of public affairs, \$100 per year, increase of \$50.00. The office of treasurer will pay \$100.00 per year, instead of a percentage, as in the past. The salaries of councilmen cannot be changed, they being fixed by state laws. An ordinance will soon be introduced fixing a service charge for the local disposal plant. The city water department is now serving 675 homes.

The Youngstown Old Fellows' band gave an entertainment Friday night in the school auditorium under the auspices of the Old Fellows.

Mrs. Elizabeth Decker entertained members of the Harmony club Wednesday afternoon at her home on Pittsburgh street. Mrs. C. W. Griswold was a club guest. Mrs. E. L. Diefenbacher will be the next hostess.

The Jolly Twenty-five met Wednesday at the home of Mrs. Elmer May, East Palestine road, the hostess being assisted by Mrs. Grossen, Mrs. James Orr and Mrs. Rupert. The next meeting will be at the home of Mrs. Ralph Lower.

Mrs. C. R. Todd entertained five former schoolmates at a luncheon Wednesday at her home on South Main street. The guests were: Mrs. Howard Orr, Youngstown; and Mrs. Henry Warner, Mrs. J. A. Robinson, Mrs. Arthur Wisler and Mrs. Wilbur DelRhodes.

Mr. and Mrs. Solon Morris, Mr. and Mrs. M. L. Forbes and Mrs. Rebecca Stockesberry attended the funeral of Dr. W. T. Stockesberry at East Palestine Wednesday.

Glasgow, Scotland, plans to spend \$20,000,000 in erecting new municipal homes for working people.

No More Piles

Thousands Bless Dr. Leonhardt, the Specialist Who Discovered This Common Sense Remedy.
If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID. This Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause. Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, Mathews Original Cut Rate and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back. On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.—Adv.

INSURANCE SATISFACTION Demands Two Things

STRENGTH - in the Company
that Writes the Policy
SERVICE - from the Agent
who Sells it.

WITH so much at stake in loss of business or home by fire, you cannot be satisfied with your insurance unless you know that the company that writes your policy is strong enough to guarantee protection when emergency comes. The CENTRAL Manufacturers Mutual Insurance Company is one of America's strongest insurance organizations, with a reputation for fair adjustments and prompt settlement of claims.

Complete satisfaction demands also conscientious counsel and co-operation from the agent who serves you. CENTRAL Policies are recommended, because the quality of the protection is unquestioned and because CENTRAL'S annual dividend (30% for the last eight years) means that you buy maximum protection at lowest cost. Wouldn't you like to know more about it?

Perronie-Munroe Scrap Feature of Valley Bill

Light Heavyweight Punchers are Scheduled for Six Rounds on Thursday Night's Show at Wellsville.

FAT PERRONIE, the Canton light heavyweight, and Frank Munroe, Pittsburgh, do not give fight fans one of the greatest scraps they've seen in the Valley A. C. ring this season, when they battle Thursday night, then Matchmaker Ray Foutts will be one of the most disappointed individuals in the entire district.

For his final card of the indoor season, Foutts has endeavored to line up fighters, not boxers; punchers, not scientific glove wielders, and is counting on the Perronie-Munroe affair as one of the best of them all.

It is difficult to make any predictions in respect to the Freddy Edwards-Joe Todd six-rounder, inasmuch as Todd is coming in with extra weight for his return battle with Edwards. Johnny Vivio, the Bloomfield battler, and Joe Todd were the outstanding candidates for the bout with Edwards when the card was in the process of organization.

Inasmuch as Vivio had never fought Edwards and his different style would doubtless make it an interesting mill, the Bloomfield welter was signed.

Vivio refused to box Edwards on short notice and so the fights were postponed until Thursday, but last Saturday Vivio notified Foutts that he couldn't possibly get into the right kind of condition to tackle the West Virginian—which is something of a tribute to Edwards' ability and hints at the fact that the rank and file of Pittsburgh welterers are beginning to respect the Chester puncher.

JUNCTION PARK BOWL IS PLANNED; WILL RIVAL NEW CASTLE STADIUM

BOXING fans of the entire valley, East Liverpool in particular, will be interested in the announcement that a huge athletic stadium with a planned seating capacity of 7,000 is to be erected early this summer at Junction park.

A company composed of valley business and professional men and industrial executives which will be known as the Junction City Amusement company, has been formed to finance the project.

Ground has been subleased for 15 years from L. A. Peters, lessee of the park, and temporary leases have been taken on the dancing pavilion and the grand stand. B. J. Riley, Beaver Falls, who was manager of the park while it was leased from the Pittsburgh and Beaver Street Railways company, owner, by the Conway Athletic association, will be manager of the new stadium.

Riley has a number of friends in East Liverpool. He is a relative of Jack McGill of this city. He is really the sponsor of the project and it plans he has in mind are carried to maturity, the Junction City plant should become one of the big sports centers in this section of the country.

It is planned primarily for boxing and the plant will be similar to the Jolly Bowl at New Castle, the Myers Fowl at Braddock and other boxing arenas, but it will be so constructed that other sporting events, including basketball and hockey, will be staged there.

The bowl idea is one of the best projects ever devised for the fight game. The large seating capacity makes it possible to stage shows at decent prices and, at the same time, give the fans good fights with well known fighters.

Bill Jolly over at New Castle originated the idea in this district and it has paid him well.

The proposed Junction City bowl will appeal to fans of the East Liverpool district inasmuch as it will be within easy motoring distance from this city.

Plans and specifications for the proposed bowl have already been prepared by an experienced architect and work will be started as soon as possible. Several weeks will be required for its erection. In the meantime bouts will

RAIN PREVENTS LEAGUE CONTEST

Rain last night forced a postponement of the day's scheduled Inter-City Baseball league game.

Chester News nine was billed to battle the Katies at Columbian park. It is also likely that the Laughlin-Wellsville game tonight at Wellsville will be called off on account of wet grounds.

A meeting of the league will be held tonight at 8 o'clock in the chamber of commerce rooms.

DECLARE ORMSBY OUT OF DANGER

CLEVELAND, May 14.—Emmett T. Ormsby, American league umpire who was struck on the head with a pop bottle during a near riot at the Cleveland-Philadelphia game here Saturday, was declared out of danger today and will resume his duties on the diamond within a few days.

Ormsby was struck by a bottle which came hurtling from the grand stand along the third base line and knocked him down. Later he suffered a serious relapse and physicians announced he was suffering a concussion of the brain. His condition improved rapidly yesterday and he was allowed to receive visitors in his room at a downtown hotel today.

Yankee Pitcher Can't Forget Old Eastern Ohio League Days

Eddie Wells, Former Bethany Athlete, Remembers When Coshoc-ton Knocked Him Out of Box.

CLEVELAND, May 14.—Ed "Lefty" Wells, of Ashland, Ohio, relief pitcher for the world's champion New York Yankees, reminisced a bit, when interviewed by an International News Service reporter, on the days of seven or eight years ago when he was pitching in Ohio semi-pro circles.

Wells has been in the major leagues since 1923 but says he'll "never forget some of those games in the old Eastern Ohio league."

"Barney" was paying me what was considered a pretty fair price for a pitcher," he relates. "The rivalry was intense. I was going pretty good and went in one Sunday to work against Coshoc-ton. Well, that Coshoc-ton team clouted me all over the lot. They certainly were a bunch of sluggers when they got started and I couldn't have stopped them that day with a machine gun."

Wells also pitched several games for Zanesville in the Eastern Ohio league and remembers Emmet "Turk" Reilly, former manager of the Zanesville club, as "a fine catcher and a smart ball player." Wells said he was sorry to hear that the Eastern Ohio league had disbanded.

A tall, dark, good looking athlete, Wells is 28, unmarried, and says he's "no nearer getting married than ever." He's the only native Ohioan on the Yankee club. He pitched four years for Ashland high school, beginning in 1916, and then went to Bethany college in West Virginia where he starred in both football and baseball.

In 1921 and 1922 he played semi-pro ball in Ohio and Pennsylvania. Incidentally, the old Eastern Ohio league, which supplied part of his baseball training, also turned out one player who is now helping the Chicago Cubs set the pace in the National League. "Kid" English, brilliant young Chicago shortstop, formerly played with the Newark, O., and Coshoc-ton teams.

DELEGATES GO TO EPISCOPAL CHURCH MEET

Rev. R. K. Caulk, Rector, Attends Cleveland Convention.

HONOR BISHOP

Rt. Rev. William Leonard, D. D., 40 Years In Service.

The Rev. R. K. Caulk, rector, and Herbert Goodwin, W. H. Thompson, and Edwin Goodwin, members of the vestry will represent St. Stephen's Episcopal church at the 112th annual convention of the Diocese of Ohio which will be held in Cleveland today and tomorrow.

The convention was preceded by a service of Thanksgiving at Trinity cathedral, last night, commemorating 40 years of service as bishop by the Rt. Rev. William Andrew Leonard, D. D., of Cleveland, fourth prelate of Ohio in the church's history.

An added feature of the celebration will be the presence of the Rt. Rev. Boyd Vincent, bishop of Southern Ohio, who last January celebrated his 40th anniversary as bishop in the church. Both these two bishops are the senior prelates, in consecration, in the Anglican communion. At a similar service held in Cleveland 29 years ago Bishop Vincent was the speaker. Both were students together and have celebrated many anniversaries together during their long service.

"THE LETTER" AT CERAMIC

That fatal note, written in a moment of desperation, lays bare a woman's soul! In the hands of a venetian rival it becomes a weapon of destruction. W. Somerset Maugham's drama, revealing the danger of love unrestrained at the Ceramic theater today and Wednesday.

A convention dinner will be held at the Hollenden hotel tonight, complimentary to Bishop Leonard. Bishop Vincent will also be an honored guest. Bishop Coadjutor Warren Rogers, of Cleveland, will be the toastmaster. Among the speakers will be the Rev. George Smythe, of Gambier, who was a member of the convention which elected Bishop Leonard, and William G. Mather, of Cleveland, treasurer of the diocese, who was present at his consecration service in Brooklyn.

SHERIFF O. K.'S SAFETY WEEK

Barlow Co-operates in County Motor Club Campaign.

Sheriff William J. Barlow, Lisbon, yesterday endorsed the "Save a Life Week," a feature of the Columbiana County Motor club campaign to reduce traffic accidents.

Barlow's statement follows: "In undertaking this campaign in Columbiana county the 'AAA' organization is performing a very laudable and patriotic work and I take this opportunity of pledging the full cooperation of the sheriff's office in anything which will benefit the people of Columbiana county.

"We are glad to cooperate with all city officials of the county in the solution of the safety problem. The magnitude and complexities of the traffic situation are such that it must first be enforced in the individual cities before the sheriff's office can gain much headway.

"Our laws are made for the protection of the individual and by obeying the laws our citizens are creating their own safety. In fact here lies the solution of the safety problems, the obeying of laws, having a thought for the other fellow and remember the children—who are not educated to the dangers of traffic.

"Our biggest problem at present is with violations on the highways, one light drivers, speeding and reckless driving. We believe a law is a means to an end and not a means of collecting revenue, but when motorists persist in these violations our office is compelled to resort more stringent measures. Many of the garages are now giving free tests on lights and brakes so there is no excuse for the fellow who continues breaking these laws. It isn't fair to the other fellow and our office will begin placing fines if it continues.

"I am pleased to give this word of commendation to Columbiana County Motor club and ask the support of every citizen of the county."
